

"Where there is faith, there is love; where there is love, there is peace; where there is peace, there is God and where there is God, there is Bliss."

— Sri Sathya Sai Baba, Summer Course, Discourse 25, May 1979

Global Akhanda Bhajan is a sacred 24-hour devotional offering uniting devotees worldwide. We warmly invite our SSE children and families to immerse themselves in this uplifting spiritual vibration.

Our guiding focus is to help children feel wholly integrated into the larger devotional family—singing, listening, and experiencing the profound sanctity of the bhajan hall alongside parents, teachers, and the wider community.

Highlights for SSE Families

Children's Devotional Offerings:

SSE students from our Centers come together to offer devotional singing. To foster unity and shared devotion, children are encouraged to sing in pairs or groups.

Dedicated SSE Floor-Seating Area:

- To help children comfortably spend extended time absorbing the divine vibrations of the main hall, a designated SSE floor-seating area is arranged toward the rear of the hall. In this flexible space, children are welcome to:
- Engage in quiet devotional reflection and Likhita Japam (name writing)
- Read quietly—children can bring their own reading material or select from a small stash of books (including spiritual books) available near the entrance
- Practice their musical instruments and receive gentle mentoring, tips, and support from Young Adults in a relaxed setting

SSE Enrichment Gathering: typically held on Sunday afternoon

(subject to availability of appropriate space for conducting this activity at the venue)

SSE children are invited to an interactive afternoon session exploring the beauty and significance of Akhanda Bhajan. Through uplifting stories, Swami's teachings on congregational singing, and practicing devotional songs together, this session offers a meaningful pause to recharge enthusiasm and deepen their understanding.

Helpful Tips for Parents:

Being Part of the Whole: We encourage families to sit together in the main hall as much as possible so SSE students naturally absorb the collective prayer and devotion of the gathering.

Dress Code:

We encourage children to dress modestly for the gathering, and to wear white during their Center's devotional singing.

Quiet Devotion:

To honor the sanctity of the continuous singing, please help remind children to maintain a gentle, peaceful atmosphere throughout the hall.
